**DQ-CMR SURVEY**

# **Top T-Schools 2017**

India's top tech schools ranked based on survey of colleges, students, and employers

# The T-School Survey: Creating Future-Ready Workforce

The existence of traditional job-roles in the IT industry is at risk, given the fact that bots and automation are fast eating into them. This is making T-Schools conscious as well as anxious. As a result, T-Schools are now showing the signs of change and are aligning to the industry requirements. They are partnering with IT firms to offer students hands-on experience on latest technologies – cloud, IoT, AI, robotics and cyber security, etc.

India's IT sector has so far been successful because of the people it employed. Engineering colleges spread across India have thus been equal partners in the sector's growth. While the government owned colleges – IITs, IIITs and NITs, etc – remained in the forefront of supplying the necessary skill sets, the private engineering colleges also played a key role in empowering the IT sector. The demand has always been high for the right kind of talent. And it stands true even today. Although automation and the US president's focus on Americans are eating into a lot of jobs which Indians held traditionally, it is believed that the market will still be hungry for graduates who are equipped with the latest skills – big data, analytics, artificial intelligence, robotics, virtual reality and cyber security, among others.

The Dataquest-CMRT T-School Survey has always played a key role in identifying the best T-Schools in the coun-

try – private as well as government; thereby helping the students and the employers to find out the best colleges in a particular region or pan India. At the same time, the survey has worked as a benchmark for institutions which want to be in the list. Because of the T-School Survey, the engineering colleges in the country perennially remain on their toes to improve the quality of infrastructure, faculty, academic environment and industry interface, etc. Like every year, this year's survey does also present a picture of the engineering education in the country.

#### T-SCHOOLS VS AUTOMATION

This year's survey brings forth a wide array of facts. It outlines how most of the colleges are endeavoring to align themselves to the industry requirements so that they can provide the latest skill sets to handle the new roles, which robots and bots aren't yet capable of. This is a positive sign, given the fact that engineering graduates aren't usually prepared to take any role in the industry. It surfaced in the survey conducted by Aspiring Minds. The survey had outlined that 95% engineers in India were not employable. Aspiring Minds had claimed that the graduates could not even write code. It happened due to two flaws existed in the colleges – the substandard teachers and disconnect with the industry. This problem continues to ail many of the private T-Schools even today. However, many of them have now taken it seriously and tried to address the issues with quality faculty members and guest teachers.

#### EMPLOYERS VS T-SCHOOLS

The T-School survey gives ample insight into the education landscape in India and plays a key role in driving the hiring activity in the country. Employers – TCS, Wipro, HCL, Infosys, Cognizant, IBM, MindTree and many others – often go to T-Schools which have made to the list. However, as pointed out earlier, employers (IT companies) need to change the process of hiring the quality talent. It has been found that most IT companies in their campus hiring focus on the aptitude test. They do not take the coding test. This has given the wrong message to the colleges. This is the reason that they do not teach the necessary coding skills to their students. Experts believe that their campus hiring needs to include certain coding test so that the graduates entering the industry are able to handle critical roles in the future and be able to upgrade as per the needs. It is highly important in the current scenario where job roles are becoming redundant and bot-driven. Ability to grab new skills from time to time is critical to stay relevant in today's world.

# How We Ranked the T-Schools

The methodology of the Dataquest-CMR “Best Tech School Survey 2017”

## BACKGROUND

Dataquest compiled the Twelfth Dataquest-CMR survey scorecard on the best T-Schools in the country on the basis of a methodology and calculations vetted by research firm CMR.

## RESEARCH OBJECTIVE

The aim of this survey was to determine the top Technology Schools (B.E, B. Tech or similar level graduate technical course) in the country and rank them on a list of important parameters.

## RESEARCH METHODOLOGY

The Dataquest-CMR survey was done in two phases.

## PHASE I – DESK RESEARCH

In this phase, the CMR team did an exhaustive desk research so as to identify the list of all Tech Schools in the country, who were invited to be a part of the survey. Lists of Government institutes and private institutes were prepared separately. The colleges established post 2012 or not offering a B.E, B. Tech or similar level graduate technical courses were removed from the list.

## PHASE II – PRIMARY RESEARCH

The Tech Schools short-listed in Phase I were approached by CMR team. For the Tech Schools, both email responses and face-to-face interviews with the college representative (preferably the placement coordinator)

were considered. The information collected was on four broad heads: placement, academic environment, infrastructure and industry interface. These broad parameters constituted various sub-parameters as mentioned below.

### PLACEMENT

- % of students got placed
- Number of companies visiting
- Maximum Salary
- Average Salary – All Companies

### ACADEMIC ENVIRONMENT

- Number of students in B.E/B.Tech adding all years
- Number of specialisations offered
- Total number of students in M.Tech / M. S / M. Phil in engineering
- Total number of PhD. Students / Doctorates
- Total number of faculty
- % of Permanent faculty
- Faculty Qualification Index
- Faculty Experience Index
- Number of books published
- Number of research publications
- Number of patents / copyrights
- NBA Accreditation
- NAAC Accreditation

### INFRASTRUCTURE

- Campus area in acres
- Number of books in library
- Number of books added in last 3 years
- Number of national / international journals in library
- Number of journals added in last 3 years
- Number of classroom
- Is the campus Wi-Fi Enabled
- % of students accommodated in hostel
- Number of faculty cabin
- Number of auditoriums
- Number of systems provided

### INDUSTRY INTERFACE

- Signed any MoU with industry e.g. CISCO / Microsoft / IBM
- Incubation center

- Number of startups that originated from the incubation centre
- Availability of a lab which is sponsored by industry

### THE RANKING

The ranking of the institutes were done separately for Government and Private.

**Score:** It was derived by calculating weighted average of scores on following broad parameters.

Parameters	Weights in %
Placement	40
Academic Environment	30
Infrastructure	15
Industry Interface	15

The weights were pre-determined by CMR based on the experience of conducting such study for last 10 years.

### ANALYSIS METHODOLOGY

All the absolute data collected under each module was normalized and converted to relative data to evaluate the relative distance among the institutes across different parameters. After normalization, the data was multiplied with respective weights of each parameter and then the total objective score was calculated for each module. The whole data was then arranged in descending order in Government and Private category. And finally we got the top institutes across India in both Government and Private category.

### VALIDATION PROCESS

CMR research team did the data validation exercise. We had asked for few documents from the institutes like list of companies visited in the campus, number of students recruited by each one of them and the salary offered to the students, placement brochure, institute prospectus, companies for whom consulting / industrial assignment has been done, name of journal where research paper has been published and official copy of semester results. Apart from these we had also validated the data from secondary sources like institute's website.

# Score Analysis

**B**ITS Pilani, the number one institute among the DQ-CMR Top Private T-schools, has attained this rank based on various parameters such as Academic Environment, Industry Interface, Infrastructure and Placement. There are interesting data points in the survey that throw light on the emerging trends in the engineering colleges. Other institutions have tried to upgrade their infrastructure and give a tough fight on most of the parameters. One such example is of the Pimpri Chinchwad College of Engineering that ranks number one in the Industry Interface. This demonstrate how the institute fares in the industry.

## Academic Environment

Sathyabama University scored the highest on the Academic Environment parameter. Birla Institute of Technology And Science, Pilani ranks at number two due to high quality of students and industry relevant curriculum. B.S Abdur Rahman Crescent Institute of Science (though not featured in top 10 overall ranking) has featured in the top 10 Academic Environment list.

Top 10 Academic Environment Based on HR Scores 2017	
Institute Name	Academic Environment Rank
Sathyabama University	1
Birla Institute of Technology And Science, Pilani	2
B.S. Abdur Rahman Crescent Institute of Science and Technology	3
Bannari Amman Institute of Technology	4
Institute of Technology, Nirma University	5
Galgotias University	6
Walchand Institute of Technology	7
Faculty of Engineering & Technology (ITER)	8
Bharati Vidyapeeth Deemed University College of Engineering	9
Sir M. Visvesvaraya Institute of Technology	10

## Industry Interface

Pimpri Chinchwad College of Engineering has secured the first rank in the in the Industry Interface due to its high engagement with the industry. Bannari Amman Institute of Technology on the other hand, has obtained the second position.

Top 10 Industry Interface Based on HR Scores 2017	
Institute Name	Industry Interface
Pimpri Chinchwad College of Engineering	1
Bannari Amman Institute of Technology	2
National Institute of Science & Technology	3
New Horizon College of Engineering	4
Sathyabama University	5
Chitkara University Institute of Engineering & Technology	6
Shri Ram Institute of Technology	7
Birla Institute of Technology And Science, Pilani	8
BMS Institute of Technology & Management	9
Madanapalle Institute of Technology And Science	10

# Infrastructure Scores

B.S. Abdur Rahman Crescent Institute of Science and Technology has got the highest score in infrastructure, although it ranks 13th in the overall ranking. Galgotias University has obtained the third position on overall infrastructure quality; lower than Ganeshi Lal Bajaj Institute of Technology & Management; despite being 5th in overall ranking.

Top 10 Infrastructure Based on HR Scores 2017	
Institute Name	Infrastructure
B.S. Abdur Rahman Crescent Institute of Science and Technology	1
Ganeshi Lal Bajaj Institute of Technology & Management	2
Galgotias University	3
Sir M. Visvesvaraya Institute of Technology	4
Birla Institute of Technology And Science, Pilani	5
Sri Venkateswara College of Engineering , Tirupati	6
Walchand Institute of Technology	7
Sathyabama University	8
Faculty of Engineering & Technology (ITER)	9
Dr. K N Modi Institutes Of Engineering And Technology Modinagar	10

# Placement Scores

Birla Institute of Technology And Science, Pilani has again got the highest placement score in the survey. Bharati Vidyapeeth Deemed University College of Engineering ranks number two in the placement. Maharaja Agrasen Institute of Technology has secured 9th position; despite being 10th in the overall ranking.

Top 10 Placement Based on HR Scores 2017	
Institute Name	Placement
Birla Institute of Technology And Science, Pilani	1
Bharati Vidyapeeth Deemed University College of Engineering	2
Galgotias University	3
Walchand Institute of Technology	4
Noida Institute of Engineering & Technology	5
Sir M. Visvesvaraya Institute of Technology	6
Maharaja Surajmal Institute of Technology	7
Bannari Amman Institute of Technology	8
Maharaja Agrasen Institute of Technology	9
Shri Ram Institute of Technology	10

# Zone-Wise Top Private T-Schools

(Based on Placement Score)

## North Zone

**B**ITS Pilani tops the list by scoring highest in all the broad parameters including placement. The Galgotias University has secured the second spot in the north zone due to its relatively higher Placement score. Similarly, Noida Institute of Engineering & Technology has secured third position. Kanpur Institute of Technology has been placed at tenth position due to its low placement score.

North	Zonal Rank	Institute	City
	1	Birla Institute of Technology And Science, Pilani	Pilani
	2	Galgotias University	Greater Noida
	3	Noida Institute of Engineering & Technology	Greater Noida
	4	Maharaja Surajmal Institute of Technology	New Delhi
	5	Maharaja Agrasen Institute of Technology	New Delhi
	6	Ganeshi Lal Bajaj Institute of Technology & Management	Greater Noida
	7	Dr. K N Modi Institutes Of Engineering And Technology Modinagar	Modinagar
	8	Chitkara University Institute of Engineering & Technology	Patiala
	9	Bhagwan Parshuram Institute of Technology	Delhi
10	Kanpur Institute of Technology	Kanpur	

## South Zone

**S**ir M. Visvesvaraya Institute of Technology have replaced Bannari Amman Institute of Technology by securing first position in the south zone. It has got the high placement score and good performance on various other parameters. Bannari Amman Institute of Technology secured second in terms of placement whereas Sathyabama University secured third position.

South	Zonal Rank	Institute	City
	1	Sir M. Visvesvaraya Institute of Technology	Bangalore
	2	Bannari Amman Institute of Technology	Erode
	3	Sathyabama University	Chennai
	4	SCMS School of Engineering and Technology	Palissery
	5	M. Kumarasamy College of Engineering	Karur
	6	Sambhram Institute of Technology	Bangalore
	7	B.S. Abdur Rahman Crescent Institute of Science and Technology	Chennai
	8	New Horizon College of Engineering	Bangalore
	9	Panimalar Engineering College	Chennai
10	BMS Institute of Technology & Management	Bangalore	

## West Zone

**B**harati Vidyapeeth Deemed university, College of Engineering has been positioned first, whereas the Walchand Institute of Technology has secured second position in terms of placement. Shri Ram Institute of Technology secured third rank due to its comparatively low HR score.

West	Zonal Rank	Institute	City
	1	Bharati Vidyapeeth Deemed University College of Engineering	Pune
	2	Walchand Institute of Technology	Solapur
	3	Shri Ram Institute of Technology	Jabalpur
	4	Institute of Technology, Nirma University	Ahmedabad
	5	MIT College of Engineering	Pune
	6	Pimpri Chinchwad College of Engineering	Pune
	7	G H Patel College of Engineering & Technology	VallabhVidyanagar
	8	Technocrats Institute of Technology	Bhopal
	9	Institute of Engineering & Technology, Indore	Indore
10	Acropolis Institute of Technology And Research, Indore	Indore	

## East Zone

**G**andhi Institute for Technological Advancement, Bhubaneswar ranks number one in the East Zone with the highest score in all the broad parameters such as Academic environment, Industry Interface, Infrastructure, and placement, while National Institute of Science & Technology ranks number two due to its higher Industry Interface score. Rungta College of Engineering And Technology, which ranked fourth in our previous survey, has ranked second in 2017. Similarly, Don Bosco College of Engineering has been placed tenth due to its low HR Score.

East	Zonal Rank	Institute	City
	1	Gandhi Institute For Technological Advancement, Bhubaneswar	Bhubaneswar
	2	National Institute of Science & Technology	Berhampur
	3	Rungta College of Engineering And Technology	Bhilai
	4	Shri Shankaracharya Institute of Professional Management & Technology, Raipur	Raipur
	5	Faculty of Engineering & Technology (ITER)	Bhubaneswar
	6	Budge Budge Institute of Technology (BBIT)	Bardhaman
	7	Orissa Engineering College	Bhubaneswar
8	Don Bosco College of Engineering and Technology	Guwahati	

*\*Only 8 institutes participated in the survey from the East*

# Zone Wise Top 10 Private Institutes

(Based on Overall Score)

## North Zone

BITS Pilani tops the chart in the north zone followed by Galgotias University and Noida Institute of Engineering & Technology.

North	Zonal Rank	Institute	City	Overall Rank
	1	Birla Institute of Technology And Science, Pilani	Pilani	1
	2	Galgotias University	Greater Noida	5
	3	Noida Institute of Engineering & Technology	Greater Noida	6
	4	Ganeshi Lal Bajaj Institute of Technology & Management	Greater Noida	12
	5	Chitkara University Institute of Engineering & Technology	Patiala	18
	6	Maharaja Surajmal Institute of Technology	New Delhi	26
	7	Maharaja Agrasen Institute of Technology	New Delhi	29
	8	Dr. K N Modi Institutes Of Engineering And Technology Modinagar	Modinagar	40
	9	Babu Banarsi Das Institute of Technology	Ghaziabad	46
10	Asia Pacific Institute of Information Technology Sd India	Panipat	49	

## South Zone

In the South region, Bannari Amman Institute of Technology dominates and continues to be the top private institute. The South region is a hot bet of tech education and has a number of emerging colleges on various key parameters.

South	Zonal Rank	Institute	City	Overall Rank
	1	Bannari Amman Institute of Technology	Erode	2
	2	Sathyabama University	Chennai	4
	3	Sir M. Visvesvaraya Institute of Technology	Bangalore	7
	4	B. S. Abdur Rahman University	Chennai	11
	5	New Horizon College of Engineering	Bangalore	14
	6	SCMS School of Engineering and Technology	Palissery	16
	7	The Oxford College of Engineering	Bangalore	19
	8	Rajalakshmi Engineering College	Chennai	21
	9	M. Kumarasamy College of Engineering	Karur	23
10	BMS Institute of Technology & Management	Bangalore	24	

## West Zone

In the West region, Bharati Vidyapeeth Deemed University College of Engineering tops the chart. It is followed by Walchand Institute of Technology and Institute of Technology, Nirma University.

West	Zonal Rank	Institute	City	Overall Rank
	1	Bharati Vidyapeeth Deemed University College of Engineering	Pune	3
	2	Walchand Institute of Technology	Solapur	8
	3	Institute of Technology, Nirma University	Ahmedabad	9

## Birla Institute of Technology And Science, Pilani

**B**irla Institute of Technology and Science, Pilani has yet again topped the graph in the private T-school positioning for its excellence and advanced education. The institute gives tough competition to Top IITs. BITS has scored high on many parameters. Throughout the years, BITS has given the most astounding qualified training to students from all over India, acknowledged to be an epitome of achievement. The graduates from this institute can be found throughout the world in all areas of engineering, science and commerce.

The institute is located in the Vidya Vihar campus adjacent to the town of Pilani in Rajasthan. The institute seeks to develop in each member of BITS community the ability and passion to work wisely. The institute's training makes sure that the individual can work under high pressure effectively for the betterment of humankind.

## Bannari Amman Institute of Technology

**R**anked at 2nd number, the Bannari Amman Institute of Technology is an autonomous institution, affiliated to Anna University. It is backed by the large business conglomerate of Bannari Amman Group which has expertise in various sectors like sugar, distillery, granite, agro-products, etc. It is located in Erode district, Tamil Nadu with close proximity with the group enables easy access to their industrial units. It offers 14 graduate courses and 15 post graduate courses.

The institute offers competitive standard and equip students with sound technical knowledge and skills. They also offer an educational program with a plethora of innovative concepts, for creating a host of talented professionals. They provide the excellent faculty, infrastructure, and the right guidance which skills student in the field of engineering and technology, ready to take on the world. The institute also offers global exposure to its students through guest lectures, study tour, and projects in association with IT companies.

## Bharati Vidyapeeth Deemed University College of Engineering

**B**harati Vidyapeeth Deemed University College of Engineering, Pune has been ranked 3rd in DQ CMR Top Private T-school survey. The institute has been raising standards in the country and has been at the top most in offering IT engineering training. The institute is located 5 km from Pune on Pune-Satara Road. It has established itself as a global university with a wide offering of programme spanning varied educational faculties.

The institute boasts of aligning with the mission 'social transformation through dynamic education' and is therefore committed to attain global standards where knowledge is driving force in the rapidly changing globalized economy. The degrees given by BVU are recognized in India and abroad. The degrees, diplomas and certificates awarded have the same legal status as that of other statutory Universities in India.

## Sathyabama University

**R**anked 4th, Sathyabama University is a premier institute imparting knowledge in the areas of engineering, science, technology and education. The University offers 27 programmes at undergraduate level and 41 programmes at post-graduation level in all disciplines. The University is located in Sholinganallur which is about 15kms from Adyar in Chennai. The institute has excellent infrastructure facilities including modern laboratories, library, internet and other general amenities. The university helps students to achieve both academic and personal goals. They primarily focus on grooming the students and enhancing their academic and interpersonal skill sets which will help them become a better human beings.

## Galgotias University

**R**anked 5th, Galgotias University is affiliated to Dr. A.P.J Abdul Kalam Technical University and approved by the AICTE. The university has highly qualified and dedicated faculty. The aim of the university is to provide quality education and global exposure by conducting various seminars, guest lectures, industrial visits, workshops, etc.

Galgotias University is consistently climbing the ladder over the years in the T-school survey, last year it was ranked 7th in the survey. It has a vast campus where it runs various engineering programs. The institute also conducts corporate readiness programs which includes mentorship activities, field research work, corporate interface and faculty monitored corporate internship programs.
